

Have the most high powered law firm I can find to sue the federal government for libel, harassment, unlawful prosecution, assault with a deadly weapon, attempted murder, loss of livelihood, and defamation of character; plus anything else the lawyers can ~~do~~ think of. I want \$15 million plus a public apology from the Federal government.

I want the Kurgians to provide me with three pounds of C-4 plus idiot-proof detonators. ~~Some~~ Melt some of that gold into bullet molds.

Fund lawsuit from album sales. In addition, future pressings of Hopper albums will include a flyer asking fans to contribute donations to the Hopper Defense Fund. Make this a big press event, tell lawyers to keep it in the news, I want the government forced to action. ~~Release~~ Release as much of the story as my lawyers deem prudent to the press, offer to give interviews and hold press conferences.

Shave goatee into droopy "Mexican-bandit" style mustache. Stop dying hair black, stop slicking hair back, let it grow bushy.

I want to start auditioning people for the Hopper Morgan Temple of Jazz Orchestra. I want

young performers, all unknowns. I want

trumpet player, a percussionist/vibraphone player,
a stand-up bass player, a clarinet player,
and an organist. I'll use JJ for piano.
They are to record my first studio album
with me in Jamaica.

I want ~~to~~ the "Jazz Express"
